 FS2 and Year 6 height and weight checks
 5pm – Year 4 School Journey meeting
 Year 5 Nergui – 2-week swimming begins

Road Safety on Middle Park Avenue

Now that we seem to have lost our Lollipop Man/Woman, the children in School Council have expressed concern at the difficulty they have crossing the busy Middle Park Avenue at school run times. Miss Hogger has taken up the fight with the children and this week they will meet members of the council to request a zebra crossing or some other form of safe passage. We will keep you all posted on how they get on as we feel that this is a very important issue.

GLL Coffee Morning – Wednesday 13th October 2021

This Wednesday morning we will be hosting a coffee morning from Xplore. This is based on a healthy living project that is available for our families.

Xplore are offering a free 6-week programme delivered in school to support whole families to consider their lifestyles and make small adjustments to encourage an increase in all round health and well-being. It will run on a Wednesday between 3.30pm and 5pm with parents/carers staying in school together and working through the programme.

This exciting course is open to families from Year 3 to Year 6. If you think you might be interested, come along to the coffee morning and find out more. Further information will be emailed out to parents and carers today.

Dental Hygiene in Year 4

Year 4 are exploring all the different ways that we can keep our teeth healthy. They have some science experiments underway including observing the effects of different liquids on eggshells and investigating the effectiveness of toothpastes. They are also having a good close look at their own dental hygiene and using disclosure tablets to check on the effectiveness of their teeth brushing.

An exciting couple of weeks in Years 5 and 6

Today marks the first of our intensive swimming lesson blocks with Year 5 Auggie heading to Eltham Baths for a one-hour lesson every day for the next two weeks. We look forward to reporting on the children's progress as they go along.

And next Monday we have our first school journey for two years! Let's hope our lovely Year 6 are blessed with this nice weather for the week. Children should come to the bottom hall with everything they need at 9am. Don't forget a packed lunch for the first day.

Mysterious goings-on

There have been some very odd things happening in school in the last week or so and nobody seems to quite know what is causing it. Some of the children have spotted some strange footsteps around the school, as well as what appear to be 'nests,' or at least piles of objects that had previously gone missing. The children have some excellent theories and we are all working together to solve the mysteries. How very odd.
