ATD Year 2 Tiddler

SEN parent reading workshop with Miss Evans

SEN parent reading workshop with Miss Evans

Christmas party day – no uniform

Year 6 disco until 5pm

Last day of term – 2pm finish please

Parental Engagement

It has been so wonderful to start seeing parents and carers back in school for various reasons. The ATDs are continuing, Xplore sessions on a Wednesday after school and on Friday we had 20 parents in for a special reading workshop led by Miss Evans and Janice from the STEPs team. They were able to give lots of practical ideas and some takeaway resources to support parents with their children's reading.

On Monday, it was great to see 12 parents at the coffee morning led by Maggie and Debbie from the South Greenwich Children's Centres. We really value our links with the children's centres which are now enhanced as we have the lovely contact of Debbie Holland working there. There are so many opportunities and resources available through them, we would definitely encourage parents to familiarize themselves. And remember, if you have pre-school aged children and you need any practical support with breastfeeding, stay-and-plays, socialising, managing universal credit etc. always come in and speak with Caroline and she may be able to refer you to someone who can make a real difference to your life.

Thanks to all the parents who have been in.

Year 6 Skellig enjoying their new Starbucks café. (Other coffee shops are available!)

Attendance

YR6 Skellig	96.8%
YR3 Paddington	96.4%
YR2 Tarzan	95.9%
YR4 Macbeth	94.7%

Remembrance Day 2021

We marked Armistice Day this year by turning our school red, marking a two-minute silence and also enjoying a WWII workshop with a land girl who had come to tell us all about life on the home front. One child in Year 1 brought in a very special photograph of his great great grandfather. This is an important day for so many in our school community and we will always remember them.

Lego Studio Action

Classes are still visiting the Lego Innovation Studio regularly for subjects across the curriculum including Literacy, PHSE, Science and Computing. On Friday, Year 3 enjoyed a maths lesson in there. They used Lego to create arrays and had to solve a real-life problem, to build a swimming pool which had areas for swimmers and non-swimmers using a specific number of 'studs,' (the knobby bits on the Lego).

We always love these practical learning opportunities that help us to embed our understanding, work collaboratively and present our findings.

House Points Weekly Total

Murray	326
