## Clubs and Boosters

It has been wonderful seeing the children before and after school at our clubs and boosters. We now have two History Clubs with Years 2 and 3 learning about Indigenous Australians and Years 4 and 5 learning about the Kingdom of Benin. There is plenty of sport going on with Billy and Debbie's fitness mornings and football for girls and boys. Our choir are gearing up for a very special performance in May and Mr Ball and Claire's computer club was very popular. In Years 5 and 6, children are encouraged to come in from 8am for hot chocolate and toast and extra help with their reading writing and maths, and now Year 4 also have an early morning opportunity to practice their times tables with Mr Lawrence and Claire Wendon. Add to that knitting, art club and yoga and there is definitely something for everyone this term! Thanks to all the staff for such a broad offer.

## Investigating Sound in Year 4

In science, Year 4 have been learning about sound. Today we were investigating how sounds travels. We learned that the further the distance, the quieter the sound. Today's technology means we can speak to people long distance through the telephone. We made string telephones to see whether the vibrations meant that we could hear our partners! A success!!

## Big Garden Birdwatch

We completed our Big Garden Birdwatch on Friday, recording 29 birds in an hour and uploading our data on to the RSPB website. The Big Garden Birdwatch weekend is the world's biggest wildlife citizen science project and this year, over half a million people took part.

It was a quieter-than-usual afternoon and the parakeets dominated at 11 birds but great to see our blue tit pair at the very end.

We did leave the gate open for the penguins but they must have been busy on Friday.

Missing Scooter:

OXELO Black & Blue foldable Scooter from Bike Shed on Tues 23<sup>rd</sup> Jan, was there at 3.15pm after school but not at 4.15pm after football club.  
If found please return back to school office – thank you
