SCIENCE IN GAEA CLASS

Gaea class have been really enjoying their science topic this half term, this week's lesson was all about investigating how light affects the measurement of a shadow.

Athena class have really enjoyed exploring the outdoor areas, especially in our Forest School. This little one could be on the cover of a magazine 😊

On Wednesday, our Year 4 children enjoyed a visit from the Greenwich Mental Health team. They spent the morning discussing ways to boost their confidence and self-esteem.

A plea from our Early Years team

At this time of year, we have a number of our new children that are having frequent accidents and are requiring a change of clothes. Many of these clothes are coming from our school supply, which is rapidly dwindling. If your child has come home in any of our clothes, could you please ensure to return them to the team, washed and clean. Also, if there are any good quality items of uniform that your child has grown out of, especially in the younger years, please feel free to donate them to our office. We have a good quality 'pre-loved' stall in our meeting room.

NEW EQUIPMENT

Our FS1 children have really enjoyed using the new bikes and trikes that were purchased at the end of last term. They have been out in the front playground a number of times, exploring the area and practicing their gross motor skills.

We are currently designing a new track to go in the front playground, so we are able to use the equipment effectively across both our nursery and our reception children. We are incorporating parking, zebra crossings and stop and give way signs also.

CAROLINE WENDON

I am sure many of you have noticed that Caroline has not returned to work this academic year. Caroline has made the difficult decision to leave Middle Park Primary School. She is coming in to say her goodbyes on Thursday 22nd October, so you may see her about 1 last time. We want to say a big thank you for everything she has done and wish her all the very best for the future.
